

A GUIDE TO INVESTING ON THE VICTORIA FALLS STOCK EXCHANGE

1 Introduction

The Victoria Falls Stock Exchange (VFEX), is a wholly owned subsidiary of the Zimbabwe Stock Exchange (ZSE) established to kick start the Offshore Financial Services Centre (OFSC) earmarked for the special economic zone in Victoria Falls.

2 What currency is used for trading on VFEX?

The trading currency on VFEX is the United States Dollars (USD).

3 Who can Trade on VFEX?

The Victoria Falls Stock Exchange is open to both local and foreign investors.

4 How to participate on VFEX

Investors are required to follow the steps below in order to participate on VFEX.

a) Opening a securities custodial account

A securities custodial account also known as the CSD account is an account opened by an investor through a Depository Custodian (Custodian) in the CSD System. The account, when opened, will hold all the securities owned or held by an investor and through which all transactions (such as trades, transfers) will be effected. To open a securities account (CSD account), an investor can approach any of the VFEX registered custodians. Refer to page 12 for the contact details of VFEX registered custodians.

b) Opening an FCA (Investment) Account

An investor must open an FCA (Investment)/ FCA Account as advised by the selected custodian which will be used to credit the investor's dividends and also acts as a cash account for trade settlements. In the case that an investor already has an FCA account the investor has to check with their custodian if the account is eligible to participate on the VFEX.

c) Opening a Trading account

An investor will also need to open a trading account for the purposes of trading on VFEX. The trading account can be opened through any of the registered VFEX stockbrokers. Refer to page 6 for the contact details of VFEX registered stockbrokers.

5 Trading Account opening requirements

a) Individuals

Individual over 18 years

- National ID
- 2 x Passport Size Pictures
- Proof of Residence

- 2 x passport pictures of authorised signatories.

Societies, Investment Clubs & Churches

- Constitution/Certificate of Registration
- Resolution of Governing body
- 2 x passport size pictures of authorised signatories.
- Proof of Residence of authorised signatories

6 Trading on VFEX

a) Sell orders

- i. An investor submits a sell order through a VFEX registered stockbroker.
- ii. The Stockbroker will, upon receipt of trade orders from the client, verify availability of the securities in the CSD System before entering the orders in the VFEX Automated Trading System.
- iii. When the order is matched the client will receive a broker's note through their broker to confirm the deal.

b) Buy orders

- i. The investor has to fund or transfer money to the custodial account then submits a buy order through a VFEX registered stockbroker.
- ii. The Stockbroker will, upon receipt of trade orders from the client confirm with the custodian if the funds have been transferred to the custodial account then, enter the orders in the VFEX Automated Trading System (ATS).
- iii. When the order is matched the client will receive a broker's note through their broker to confirm the deal.

7 Settlement

Settlement is the process of transferring securities into the account of a buyer and cash into the seller's account. VFEX uses a T+3 settlement cycle. This means it takes 4 days for the securities bought to reflect under one's portfolio (CSD account) or the funds for sell orders to reflect in the FCA (Investment)/FCA Account. For example, if the order matches on Monday then settlement will be on Thursday.

8 Key incentives applicable to VFEX include:

- Lower trading fees
- Trading in hard currency
- No capital gains withholding tax
- lower dividend withholding tax for foreign investors

9 Trading fees

The transaction costs levied on trading are currently as follows:

a) Equities
