

## **NOTICE TO THE INVESTING PUBLIC: NdeipiCoin**

It has come to our attention that some individuals using social media handles “NdeipiCoin” and “Ndeipi\_com” on the following social media platforms; LinkedIn, X (formerly Twitter), Facebook, Tiktok and Instagram, are advertising a cryptocurrency called “NdeipiCoin”, and falsely creating an impression that it is listed or affiliated with Victoria Falls Stock Exchange (“VFEX”). The owners of the social media handles cited above’s use of our name, acronyms, and branding elements is an attempt to deceive the unsuspecting investing public.

No application has been received from NdeipiCoin for the coin's listing, and it is not listed as a security on the VFEX.

We advise investors to seek financial advice from licensed stockbrokers and investment advisors before making investment decisions. The VFEX will not be held liable for any damages resulting from using, referencing, or relying on information related to this product. Please be aware that investing in “NdeipiCoin” is done at your own risk.
